Scholarships Awarded Over the Years

Recipient Spotlight, Paw's Journey:

Paw, one of our first Sabelhaus Scholars, graduated from San Francisco State University in 2025 with her Bachelor's in Nursing and is now a registered nurse serving her community. Her younger sister is now continuing the legacy as a current scholarship recipient.

“
I am deeply honored to have been chosen. It's been such a blessing. It helped relieve my family and me of financial burdens, supported my dream of becoming a nurse. My RN license will let me help people from underserved populations care for their health. I am infinitely grateful!
