8th Senate District

Scott Sakakihara
Senator-Elect
10th Senate District

Sara Hernandez
Senator-Elect
26th Senate District

This has been the most politically engaged year in CCAH's history. We are proud of our endorsed candidates and the dedication they brought to their hard-fought campaigns. We also celebrate the passage of Proposition 1, securing critical investments in affordable and veteran housing for years to come, and the defeat of Proposition 40, helping protect California's commitment to housing investment. While not every endorsed candidate and measure prevailed, CCAH achieved an impressive 91% success rate this election cycle. These accomplishments were made possible by the leadership of our PAC Steering Committee and the generous support of members who believe in advancing housing advocacy, electing housing champions, and supporting policies that will create more affordable homes across California.
